1 **I. INTRODUCTION**

2 Plaintiffs John Dedet and Thomas Sanner (“Plaintiffs”) respectfully submit this memorandum
3 in support of the unopposed motion for preliminary approval of the proposed class action settlement
4 with Defendant Metal Container (MCC) LP (“Defendant”) which seeks entry of an order:
5 (1) preliminarily approving the proposed settlement of this class action with Defendant; (2) for
6 settlement purposes only, conditionally certifying the Class, which consists of the California Class that
7 is “all individuals who are or previously were employed by Defendant in California and classified as
8 a non-exempt employee at any time during the Class Period”, which is September 1, 2021 through July
9 24, 2025; (3) provisionally appointing Plaintiffs as the representatives of the Class; (4) provisionally
10 appointing Blumenthal Nordrehaug Bhowmik De Blouw LLP, Centurion Trial Attorneys, APC, and
11 Bibiyan Law Group, P.C. as Class Counsel; (5) approving the form and method for providing class-wide
12 notice; (6) directing that notice of the proposed settlement be given to the class; (7) appointing Apex
13 Class Action LLC as the Administrator, and (8) scheduling a final approval hearing date, proposed for
14 July 9, 2026, to consider Plaintiffs’ motion for final approval of the settlement and for approval of
15 attorneys’ fees, expenses and service awards. Plaintiffs and Defendant (collectively the “Parties”) have
16 reached a full and final settlement of the above-captioned action, which is embodied in the Class Action
17 and PAGA Settlement Agreement (“Agreement”) filed concurrently with the Court.¹ A copy of the
18 fully executed Agreement (with a Stipulation to Correct the PAGA Penalties Allocation) is attached
19 as Exhibit #1 to the Declaration of Kyle Nordrehaug (“Decl. Nordrehaug”), served and filed herewith.

20 As consideration for this Settlement, the non-reversionary Gross Settlement Amount of Nine
21 Hundred Seventy-Five Thousand Dollars (\$975,000) (the “Gross Settlement Amount”) is to be paid by
22 Defendant, as set forth in the Agreement. The Gross Settlement Amount will settle all issues pending
23 in the Action between the Parties and will be made in full and final settlement of the Released Class
24 Claims in exchange for the payments to Participating Class Members from the Net Settlement Amount,
25 and includes (a) the costs of administration of the settlement, (b) all attorneys' fees and costs, (c) the
26 Class Representative Service Payments, and (d) the PAGA Penalties payment. (Agreement at ¶ 1.22.)

27 _____
28 ¹ Capitalized terms shall have the same meaning as defined in the Agreement.

Decl. Nordrehaug at ¶3. The following is a table of the key financial terms of the Settlement and the proposed deductions:

\$975,000 (Gross Settlement Amount)

- \$30,000 (Plaintiffs' proposed service awards - not to exceed \$15,000 each)
- \$42,000 (Class Counsel Litigation Expenses Payment - not to exceed amount)
- \$375,000 (Class Counsel Fees Payment - not to exceed 1/3 of settlement)
- \$20,000 (PAGA Payment - 65% to LWDA / 35% to Aggrieved Employees)
- \$8,789 (Administration Expenses Payment - not to exceed amount)

\$549,211 (Net Settlement Amount)

Based upon 320 Class Members who collectively worked 41,779 workweeks (Agreement at ¶ 4.1), the Gross Settlement Amount provides an average value of \$3,046 per Class Member and \$23 per workweek and after deductions, the Net Settlement Amount provides an average recovery of \$1,716.28 per Class Member and a recovery of \$13.14 per workweek. Decl. Nordrehaug at ¶6.

On April 24, 2025, the Parties participated in an all-day mediation session presided over by Louis Marlin, Esq., a respected and experienced mediator of wage and hour class actions. Following this mediation, the Parties agreed on the basic terms of a settlement pursuant to a mediator's proposal which was memorialized in the form of a Memorandum of Understanding. Decl. Nordrehaug at ¶5. The Settlement is fair, reasonable, and adequate, and should be preliminarily approved because there is a substantial monetary payment, and there are significant litigation and class-certification risks. Therefore, Plaintiffs respectfully request that this Court grant preliminary approval of the Agreement and enter the proposed order submitted herewith.

II. DESCRIPTION OF THE SETTLEMENT

The Gross Settlement Amount is Nine Hundred Seventy-Five Thousand Dollars (\$975,000). (Agreement at ¶ 1.22.) Under the Settlement, the Gross Settlement Amount consists of the following elements: (1) payment of the Individual Class Payments to the Participating Class Members; (2) Class Counsel Fees Payment and Class Counsel Litigation Expenses Payment; (3) Administration Expenses Payment; (4) the Class Representative Service Payments to the Plaintiffs; and (5) the PAGA Penalties payment allocated 65% to the LWDA and 35% to the Aggrieved Employees as their Individual PAGA Payments. (Agreement at ¶ 1.22.) The Gross Settlement Amount does not include Defendant's share of payroll taxes. (Agreement at ¶ 3.1.) The Gross Settlement Amount shall be all-in with no reversion to Defendant. (Agreement at ¶ 3.1.) Decl. Nordrehaug at ¶15.

1 Defendant shall fund the Gross Settlement Amount and the amount necessary to pay payroll
2 taxes thereon no later than fourteen (14) days after the Effective Date. (Agreement at ¶ 4.3.) The
3 distribution of Individual Class Payments to Participating Class Members will be made within 14 days
4 after Defendant funds the Gross Settlement Amount. (Agreement at ¶ 5.1.) Decl. Nordrehaug at ¶16.

5 The amount remaining in the Gross Settlement Amount after the deduction of Court-approved
6 amounts for Individual PAGA Payments, the LWDA PAGA Payment, the Class Representative Service
7 Payments, the Class Counsel Fees Payment, the Class Counsel Litigation Expenses Payment, and the
8 Administration Expenses Payment (called the “Net Settlement Amount”) shall be allocated to Class
9 Members as their Individual Class Payments. (Agreement at ¶¶ 1.28 and 3.2.) The Administrator will
10 calculate each Individual Class Payment by (a) dividing the Net Settlement Amount by the total number
11 of Workweeks worked by all Participating Class Members during the Class Period and (b) multiplying
12 the result by each Participating Class Member's Workweeks. (Agreement at ¶ 3.2(e).) Workweeks will
13 initially be based on Defendant’s records, however, Class Members will have the right to challenge the
14 number of Workweeks. Decl. Nordrehaug at ¶17.

15 Class Members may choose to opt-out of the Settlement by following the directions in the Class
16 Notice. (Agreement at ¶ 8.5, Ex. A.) All Class Members who do not “opt out” will be deemed
17 Participating Class Members who will be bound by the Settlement and will be entitled to receive an
18 Individual Class Payment. (Agreement at ¶ 8.5(c).) All Aggrieved Employees, including those who
19 submit an opt-out request, will be paid their allocation of the PAGA Penalties and will remain subject
20 to the release of the Released PAGA Claims regardless of their request for exclusion from the Class.
21 (Agreement at ¶¶ 6.4 and 8.5(d).) Finally, the Class Notice will advise the Class Members of their right
22 to object to the Settlement and/or dispute their Workweeks. (Agreement at ¶¶ 8.6 and 8.7, and Ex. A.)
23 Decl. Nordrehaug at ¶18.

24 Participating Class Members must cash their Individual Class Payment check within 180 days
25 after it is mailed. (Agreement at ¶ 5.2.) Any settlement checks not cashed within 180 days will be
26 voided and any funds represented by such checks sent to a Court-approved nonprofit organization or
27 foundation consistent with Code of Civil Procedure Section 384(b) (“Cy Pres Recipient”). The Parties
28 propose Legal Aid at Work as the Cy Pres Recipient. The Parties, Class Counsel and Defense Counsel

1 represent that they have no interest, financial or otherwise, with this intended Cy Pres Recipient.
2 (Agreement at ¶ 5.4.) Decl. Nordrehaug at ¶19.

3 Subject to Court approval, the Parties have agreed on Apex Class Action LLC to administer the
4 settlement in this action (“Administrator”). (Agreement at ¶ 1.2.) The Administrator will be paid for
5 settlement administration in an amount not to exceed \$8,789. (Agreement at ¶ 3.2(c).) Apex Class
6 Action provided an estimate of \$7,990 for administration expenses. Decl. Nordrehaug at ¶20.

7 Subject to Court approval, the Agreement provides for Class Counsel to be awarded a sum not
8 to exceed one-third of the Gross Settlement Amount, as the Class Counsel Fees Payment. (Agreement
9 at ¶ 3.2(b).) Class Counsel will also be allowed to apply separately for an award of Class Counsel
10 Litigation Expenses Payment in an amount not to exceed \$42,000. (Agreement at ¶ 3.2(b).) Subject
11 to Court approval, the Agreement provides for a payment of no than \$15,000 each to the Plaintiffs as
12 their Class Representative Service Payments. (Agreement at ¶ 3.2(a).) Decl. Nordrehaug at ¶21.

13 Subject to Court approval, the PAGA Penalties will be paid from the Gross Settlement Amount
14 for PAGA penalties under the California Private Attorneys General Act, Cal. Labor Code Section 2698,
15 *et seq.* (“PAGA”). The PAGA Penalties are \$20,000. (Agreement at ¶¶ 1.34 and 3.2(d).) Pursuant to
16 the express requirements of Labor Code § 2699(m), the PAGA Payment shall be allocated as follows:
17 65% shall be allocated to the Labor Workforce Development Agency (“LWDA”) as its share of the civil
18 penalties and 35% allocated to the Individual PAGA Payments to be distributed to the Aggrieved
19 Employees based on the number of their respective PAGA Pay Periods.² (Agreement at ¶ 3.2(d).) As
20 set forth in the accompanying proof of service, the LWDA has been served with this motion and the
21 Agreement. Decl. Nordrehaug at ¶22.

22 **III. CASE BACKGROUND**

23 The description of the case and claims, along with the procedural history is set forth in the
24 Declaration of Kyle Nordrehaug at ¶¶ 7-14. The Parties engaged in thorough investigation and the
25

26 ² The Agreement initially provided for a 75/25 allocation, but because of the fact that the PAGA
27 claim was initiated after June 19, 2024, the Parties have corrected this error by stipulating to a
28 correction of this allocation to 65/35 under the current version of Labor Code § 2699(m). This
stipulation to correct this allocation is attached at the end of Exhibit #1 to the Decl. Nordrehaug.

1 exchange of documents and information in connection with the Action over more than one year which
2 permitted Class Counsel to perform a thorough analysis of the claims. Decl. Nordrehaug, ¶¶ 10 and 14.
3 The Parties participated in mediation on April 24, 2025 with Louis Marlin, Esq., which after arms'
4 length negotiations during the mediation, resulted in this Settlement. Decl. Nordrehaug, ¶12.

5 **IV. THE SETTLEMENT MEETS THE CRITERIA NECESSARY FOR THIS COURT TO**
6 **GRANT PRELIMINARY APPROVAL**

7 California "[p]ublic policy generally favors the compromise of complex class action litigation."
8 *Nordstrom Comm'n Cases*, 186 Cal. App. 4th 576, 581 (2010) quoting *Cellphone Termination Fee*
9 *Cases*, 180 Cal.App.4th 1110, 1117-18 (2009). Class action settlements are approved where the
10 proposed settlement is "fair, adequate and reasonable." *Dunk v. Ford Motor Co.*, 48 Cal.App.4th 1794,
11 1801 (1996) (citing *Officers for Justice v. Civil Serv. Comm'n*, 688 F.2d 615, 625 (9th Cir. 1982), cert.
12 denied, 459 U.S. 1217 (1983)).

13 Preliminary approval is the first of three steps that comprise the approval procedure for
14 settlements of class actions. The second step is the dissemination of notice of the settlement to all class
15 members. The third step is a final settlement approval hearing, at which evidence and argument
16 concerning the fairness, adequacy, and reasonableness of the settlement may be presented, and class
17 members may be heard regarding the settlement. *See Dunk v. Ford Motor Co.*, 48 Cal.App.4th 1794,
18 1801 (1996); *Manual for Complex Litigation, Second* §30.44 (1993); Cal. Rules of Court, rule 3.769.

19 The primary question presented on an application for preliminary approval of a proposed class
20 action settlement is whether the proposed settlement is "within the range of possible approval." *Manual*
21 *for Complex Litigation, Second* §30.44 at 229; *Gautreaux v. Pierce*, 690 F.2d 616, 621 n.3 (7th Cir.
22 1982).³ Preliminary approval is merely the prerequisite to giving notice so that "the proposed
23 settlement... may be submitted to members of the prospective Class for their acceptance or rejection."
24 *Sayaman v. Baxter Healthcare Corp.*, 2010 U.S. Dist. LEXIS 151997, *3 (C.D. Cal. 2010). There is

25
26 ³ California courts look to federal authority on class actions. *Vasquez v. Superior Court*, 4 Cal.3d
27 800, 821 (1971). "It is well established that in the absence of relevant state precedents trial courts are
28 urged to follow the procedures prescribed in Rule 23 of the Federal Rules of Civil Procedure for
conducting class actions." *Frazier v. City of Richmond*, 184 Cal. App.3d 1491, 1499 (1986), citing
Green v. Obledo, 29 Cal.3d 126, 145-146 (1981).

1 "a presumption of fairness . . . where . . . [a] settlement is reached through arms-length bargaining."
2 *Wershba v. Apple Computer, Inc.*, 91 Cal.App.4th 224, 245 (2001) (citation omitted); see also *Cho v.*
3 *Seagate Tech. Holdings, Inc.*, 177 Cal. App. 4th 734, 742-45 (2009) (upholding trial court's
4 determination that settlement was "fair, reasonable and adequate" where the settlement "provided
5 valuable benefits to the class . . . that were 'particularly valuable in light of the risks plaintiff would have
6 faced if she proceeded to litigate her case.'"); *Newberg*, 3d Ed., §11.41, p.11-88. However, the ultimate
7 question of whether the proposed settlement is fair, reasonable, and adequate is made after notice of the
8 settlement is given to the class members and a final settlement hearing is held by the Court.

9 **A. The Role Of The Court In Preliminary Approval Of A Class Action Settlement**

10 The approval of a proposed settlement of a class action suit is a matter within the broad
11 discretion of the trial court. *Wershba, supra*, 91 Cal.App.4th at 234-235; *Dunk*, 48 Cal.App.4th 1794.
12 In considering a potential settlement for preliminary approval purposes, the trial court does not have
13 to reach any ultimate conclusions on the issues of fact and law which underlie the merits of the dispute,
14 and need not engage in a trial on the merits. *Wershba, supra*, 91 Cal.App.4th at 239-40; *Dunk, supra*,
15 48 Cal.App. 4th at 1807. The Ninth Circuit explains, "the very essence of a settlement is compromise,
16 'a yielding of absolutes and an abandoning of highest hopes.'" *Officers for Justice*, 688 F.2d at 624.
17 Thus, when analyzing the settlement, the amount is "not to be judged against a hypothetical or
18 speculative measure of what might have been achieved by the negotiators." *Officers for Justice*, 688
19 F.2d at 625, 628.

20 With regard to class action settlements, the opinions of counsel should be given considerable
21 weight both because of counsel's familiarity with this litigation and previous experience with cases such
22 as these. *Officers for Justice*, 688 F.2d at 625. As a result, courts hold that the recommendation of
23 counsel is entitled to significant weight. *Nat'l Rural Telecomms. Coop. v. DIRECTV, Inc.*, 221 F.R.D.
24 523, 528 (C.D. Cal. 2004).

25 **B. Factors To Be Considered In Granting Preliminary Approval**

26 A number of factors are to be considered in evaluating a settlement for purposes of preliminary
27 approval. In determining whether to grant preliminary approval, the court considers whether the "(1)
28 the proposed settlement appears to be the product of serious, informed, non-collusive negotiations, (2)

1 has no obvious deficiencies, (3) does not improperly grant preferential treatment to class representatives
2 or segments of the class, and (4) falls within the range of possible approval.” *In re Tableware Antitrust*
3 *Litig.*, 484 F.Supp. 2d 1078, 1079 (N.D. Cal. 2007). Courts hold that “a presumption of fairness exists
4 where: (1) the settlement is reached through arm's-length bargaining; (2) investigation and discovery
5 are sufficient to allow counsel and the court to act intelligently; (3) counsel is experienced in similar
6 litigation; and (4) the percentage of objectors is small.” *Kullar v. Foot Locker Retail, Inc.*, 168 Cal.
7 App. 4th 116, 128 (2008). Here, the Settlement meets all of these criteria for preliminary approval and
8 therefore the presumption applies.

9 **1. The Settlement is the Product of Serious, Informed and**
10 **Arm’s Length Negotiations by Experienced Counsel**

11 This settlement is the result of extensive and hard-fought litigation as well as negotiations before
12 an experienced and well-respected mediator. Defendant has expressly denied and continues to deny any
13 wrongdoing or legal liability arising out of the conduct alleged in the Action. Plaintiffs and Class
14 Counsel have determined that it is desirable and beneficial to the Class to resolve the Released Class
15 Claims of the Class in accordance with this Settlement. The release applicable to the Class is
16 appropriately tethered to allegations in the Action. (Agreement at ¶¶ 1.38 and 6.3.)

17 Class Counsel are experienced and qualified to evaluate the class claims, the defenses asserted,
18 and the risks and benefits of trial and settlement, and Class Counsel are particularly experienced in wage
19 and hour employment class actions, as Class Counsel has previously litigated and certified similar
20 claims against other employers. Decl. Nordrehaug at ¶31; Declaration of David Bibiyan at ¶¶ 2-10.
21 The view of qualified and well-informed counsel that a class action settlement is fair, adequate, and
22 reasonable is entitled to significant weight. *See Kullar v. Foot Locker*, 168 Cal. App. 4th 116, 133
23 (2008) (the trial court "undoubtedly should continue to place reliance on the competence and integrity
24 of counsel, the involvement of a qualified mediator, and the paucity of objectors to the settlement.");
25 *Dunk*, 48 Cal. App. 4th at 1802.

26 The Parties attended an arms-length mediation session with Louis Marlin, Esq., a respected and
27 experienced mediator of wage and hour class actions, in order to reach this Settlement. In preparation
28 for the mediation, Defendant provided Class Counsel with timekeeping and employment data and other

1 information regarding the Class Members, various internal documents, and other compensation and
2 employment-related materials. Class Counsel analyzed the data with the assistance of damages expert
3 Berger Consulting and prepared and submitted a mediation brief to the mediator. The final settlement
4 terms were negotiated and set forth in the Agreement now presented for this Court's approval. Decl.
5 Nordrehaug at ¶ 5. Importantly, Plaintiffs and Class Counsel believe that this Settlement is fair,
6 reasonable, and adequate.

7 As consideration for this Settlement, the Gross Settlement Amount to be paid by Defendant is
8 Nine Hundred Seventy-Five Thousand Dollars (\$975,000). The Settlement is all-in with no reversion
9 to Defendant and no need to submit a claim form. Decl. Nordrehaug at ¶ 3.

10 Class Counsel has conducted an investigation into the facts of the class action. Informal
11 discovery was obtained, which included the production of hundreds of pages documents and data. Class
12 Counsel engaged in a thorough review and analysis of the relevant documents and data with the
13 assistance of an expert. Accordingly, the agreement to settle did not occur until Class Counsel
14 possessed sufficient information to make an informed judgment regarding the likelihood of success on
15 the merits and the results that could be obtained through further litigation. In addition, Class Counsel
16 previously negotiated settlements with other employers in actions involving nearly identical issues and
17 analogous defenses. Based on the foregoing data and their own independent investigation, evaluation
18 and experience, Class Counsel believes that the settlement with Defendant on the terms set forth in the
19 Agreement is fair, reasonable, and adequate and is in the best interest of the Class in light of all known
20 facts and circumstances, including the risk of significant delay, defenses asserted by Defendant, and
21 potential appellate issues. Decl. Nordrehaug at ¶ 14.

22 Plaintiffs and Class Counsel recognize the expense and length of continuing to litigate and trying
23 this Action against Defendant through possible appeals which could take several years. Class Counsel
24 has also taken into account the uncertain outcome and risk of litigation, especially in complex class
25 actions such as this Action. Class Counsel is also mindful of and recognize the inherent problems of
26 proof under, and alleged defenses to, the claims asserted in the Action. Based upon their evaluation,
27 Plaintiffs and Class Counsel have determined that the Settlement set forth in the Agreement is in the
28 best interest of the Class Members. Decl. Nordrehaug, ¶ 23.

1 Here, there can be no dispute that the litigation has been hard-fought with aggressive and
2 capable advocacy on both sides. The Parties were represented by experienced and capable counsel who
3 zealously advocated their positions. Accordingly, “[t]here is likewise every reason to conclude that
4 settlement negotiations were vigorously conducted at arms’ length and without any suggestion of undue
5 influence.” *In re Wash. Public Power Supply System Sec. Litig.*, 720 F. Supp. at 1392.

6 **2. The Settlement Has No "Obvious Deficiencies" and Falls Well Within**
7 **the Range for Approval**

8 The proposed Settlement herein has no "obvious deficiencies" and is well within the range of
9 possible approval. All Class Members will receive an opportunity to participate in the Settlement and
10 receive payment according to the same formula. (Agreement at ¶ 3.2(e).) Based upon 320 Class
11 Members who collectively worked 41,779 workweeks (Agreement at ¶ 4.1), the Gross Settlement
12 Amount provides an average value of \$3,046 per Class Member and \$23 per workweek and after
13 deductions, the Net Settlement Amount provides an average recovery of \$1,716.28 per Class Member
14 and a recovery of \$13.14 per workweek. Decl. Nordrehaug, ¶6.

15 The calculations to compensate for the amount due for the Class at the time of the mediation
16 were calculated by Berger Consulting, Plaintiffs’ damage expert. As to the Class whose claims are at
17 issue in this Action, Plaintiffs used this expert to analyze the data and determine the potential unpaid
18 wages for the employees. The maximum potential damages were calculated to be \$336,004 for the
19 alleged unpaid sick pay and meal premiums as a result of the miscalculation of the regular rate,
20 \$2,250,348 for the alleged unpaid wages due to off-the-clock work at 1 hour per week, \$985,049 for
21 alleged meal period damages based upon a 17.2% potential violation rate for shifts observed in the time
22 records and after deduction of meal premiums paid by Defendant, and \$1,063,256 for alleged rest period
23 damages based upon the same 17.2% potential violation rate observed for meal breaks, \$53,245 for
24 alleged unreimbursed business expenses for personal cell phone usage at \$5 per month. Decl.
25 Nordrehaug, ¶6. As a result, the total damage valuation was calculated that Defendant was subject to
26 a maximum damage claim in the amount of \$6,678,298. As to potential penalties, Plaintiffs calculated
27 that potential waiting time penalties were a maximum of \$1,474,527, and potential maximum wage
28

1 statement penalties were \$904,650.⁴ Defendant vigorously disputed Plaintiffs' calculations and
2 exposure theories. See Decl. Nordrehaug, at ¶6 for additional details as to the valuation of the claims.

3 Consequently, the Gross Settlement Amount of \$975,000 represents more than 14.5% of the
4 maximum value of the alleged damages at issue in this case at the time this Settlement was negotiated.⁵

5 Importantly, the recent decision that good faith belief of compliance by the employer in *Naranjo v.*
6 *Spectrum Sec. Servs., Inc.*, 15 Cal. 5th 1056, 1065 (2024), could completely negate the claims for
7 waiting time and wage statement penalties, even if wages were owed to the Class. The above maximum
8 calculations should then be adjusted in consideration for both the risk of class certification and the risk
9 of establishing class-wide liability on all claims as discussed in more detail in paragraph 6(a) of the
10 Declaration of Nordrehaug. Given the amount of the settlement as compared to the potential value of
11 claims in this case and the defenses asserted by Defendant, this settlement is fair and reasonable.⁶
12 Clearly, the goal of this litigation has been met. Decl. Nordrehaug, ¶6.

13 Where both sides face significant uncertainty, the attendant risks favor settlement. *Hanlon v.*
14

15 ⁴ While Plaintiffs alleged claims for statutory penalties pursuant to Labor Code Sections 203 and
16 226, at mediation Plaintiffs recognized that these claims were subject to additional, separate defenses
17 asserted by Defendant, including, a good faith dispute defense as to whether any premium wages for
18 meal or rest periods or other wages were owed given Defendant's position that Plaintiffs and Class
19 Members were properly compensated. See *Nordstrom Commission Cases*, 186 Cal. App. 4th 576, 584
(2010) ("There is no willful failure to pay wages if the employer and employee have a good faith dispute
as to whether and when the wages were due.").

20 ⁵ Because the PAGA claim is not a class claim and primarily is paid to the State of California,
21 Plaintiffs have not included the PAGA claim in this discussion of the value of the class claims. The
PAGA claim is addressed in the Declaration of Nordrehaug at ¶33.

22 ⁶ See *Glass v. UBS Fin. Servs.*, 2007 U.S. Dist. LEXIS 8476 (N.D. Cal. 2007) (approving a
23 settlement where the settlement amount constituted approximately 25% of the estimated overtime
24 damages for the class); *Stovall-Gusman v. W.W. Granger, Inc.*, 2015 U.S. Dist. LEXIS 78671, at *12
(N.D. Cal. 2015) (granting final approval where "the proposed Total Settlement Amount represents
25 approximately 10% of what class might have been awarded had they succeeded at trial."); *Dunleavy v.*
26 *Nadler (In re Mego Fin. Corp. Sec. Litig.)*, 213 F.3d 454, 459 (9th Cir. 2000) (affirming approval of
a class settlement which represented "roughly one-sixth of the potential recovery".) See also *Viceral v.*
27 *Mistras Grp., Inc.*, 2016 WL 5907869 (N.D. Cal. 2016) (approving wage and hour class action
28 settlement amounting to 8.1% of full value); *Ma v. Covidien Holding, Inc.*, 2014 WL 2472316, (C.D.
Cal. 2014) (approving wage and hour class action settlement worth "somewhere between 9% and 18%"
of maximum valuation).

1 *Chrysler Corp.*, 150 F.3d 1011, 1026 (9th Cir. 1998). Here, a number of defenses asserted by
2 Defendant present serious threats to the claims of the Plaintiffs and the other Class Members.
3 Defendant asserted that Defendant's practices complied with all applicable Labor laws. Defendant
4 argued that Class Members were paid for all time worked and that all work time was properly recorded
5 and compensated. Defendant contends that its meal and rest period policies fully complied with
6 California law and Defendant did not fail to provide the opportunity for legally required meal and rest
7 breaks. Defendant could argue that the payment of meal period premiums is evidence of its lawful
8 policies and practices. Defendant contends that there was no failure to pay for business expenses and
9 any cell phone usage was merely convenient and voluntary such that reimbursement was not legally
10 required. Finally, Defendant could argue that the Supreme Court decision in *Brinker v. Superior Court*,
11 53 Cal. 4th 1004 (2012), weakened Plaintiffs' claims, on liability, value, and class certifiability as to
12 the meal and rest period claims. Defendant also argues that based on their facially lawful practices,
13 Defendant acted in good faith and without willfulness, which if accepted would negate the claims for
14 waiting time penalties and/or inaccurate wage statements. See e.g. *Naranjo v. Spectrum Sec. Servs.,*
15 *Inc.*, 15 Cal. 5th 1056, 1065 (May 6, 2024) ("if an employer reasonably and in good faith believed it
16 was providing a complete and accurate wage statement in compliance with the requirements of section
17 226, then it has not knowingly and intentionally failed to comply with the wage statement law.")
18 Defendant's defenses could eliminate or substantially reduce any recovery to the Class. While Plaintiffs
19 believe that these defenses could be overcome, Defendant maintains these defenses have merit and
20 therefore present a serious risk to recovery by the Class. Decl. Nordrehaug, ¶ 24.

21 There was also a significant risk that, if the Action was not settled, Plaintiffs would be unable
22 to obtain a certified class and maintain the certified class through trial, and thereby not recover on behalf
23 of any employees other than themselves. At the time of the mediation, Defendant forcefully opposed
24 the propriety of class certification, arguing that individual issues precluded class certification. Further,
25 as demonstrated by the California Supreme Court decision in *Duran v. U.S. Bank National Assn.*, 59
26 Cal. 4th 1 (2014), there are significant hurdles to overcome for a class-wide recovery even where the
27 class has been certified. While other cases have approved class certification in wage and hour claims,
28

1 class certification in this action was hotly disputed and the maintenance of a certified class through trial
2 was by no means a foregone conclusion. Decl. Nordrehaug, ¶ 25.

3 After arm's length negotiations between experienced and informed counsel, the Parties
4 recognized the potential risks and agreed on the Settlement with a Gross Settlement Amount of
5 \$975,000. As the Court held in *Glass*, where the parties faced uncertainties similar to those here:

6 In light of the above-referenced uncertainty in the law, the risk, expense, complexity,
7 and likely duration of further litigation likewise favors the settlement. Regardless of how
8 this Court might have ruled on the merits of the legal issues, the losing party likely
9 would have appealed, and the parties would have faced the expense and uncertainty of
10 litigating an appeal. 'The expense and possible duration of the litigation should be
11 considered in evaluating the reasonableness of [a] settlement.'"

12 2007 WL 221862, at *4 (quoting *In re Mego Financial Corp. Securities Litigation*, 213 F.3d 454, 458
13 (9th Cir. 2000)).

14 **3. The Settlement Does Not Improperly Grant Preferential Treatment To** 15 **Class Representatives or Segments Of The Class**

16 The relief provided in the Settlement will benefit all members of the Class. The Settlement does
17 not grant preferential treatment to Plaintiffs or segments of the Class in any way. Payments to the Class
18 Members are all determined under a neutral methodology. Each Participating Class Member will
19 receive the same opportunity to participate in and receive payment through a neutral formula that is
20 based upon the weeks worked by that individual. Decl. Nordrehaug, ¶4.

21 Plaintiffs will apply to the Court for Class Representative Service Payments in consideration
22 for their service and for the risks undertaken on behalf of the Class. (Agreement at ¶ 3.2(a).) Plaintiffs
23 performed their duties admirably by working with Class Counsel over the course of litigation. The
24 Declarations of the Plaintiffs are submitted herewith in support. Decl. Nordrehaug at ¶27. At this stage,
25 the not to exceed amount for the requested service award is within the accepted range of awards for
26 purposes of preliminary approval, subject to the Court's determination at final approval. *See e.g.*
27 *Andrews v. Plains All Am. Pipeline L.P.*, 2022 U.S. Dist. LEXIS 172183, at *11 (C.D. Cal. 2022)
28 (finding that the requested service awards of \$15,000 each are appropriate); *Reynolds v. Direct Flow*
Med., Inc., 2019 U.S. Dist. LEXIS 149865, at *19 (N.D. Cal. 2019) (granting request for \$12,500
service award); *Mathein v. Pier 1 Imps. (U.S.), Inc.*, 2018 U.S. Dist. LEXIS 71386 (E.D. Cal. 2018)
(awarding \$12,500 where average class member payment was \$351); *Louie v. Kaiser Foundation*

1 *Health Plan, Inc.*, 2008 WL 4473183, *7 (S.D.Cal. Oct. 06, 2008) (awarding \$25,000 service award
2 to each of six plaintiffs in overtime class action); *Glass v. UBS Fin. Servs.*, 2007 WL 221862, *16-17
3 (N.D. Cal. 2007) (awarding \$25,000 service award in overtime class action and a pool of \$100,000 in
4 enhancements). As explained in *Glass*, service awards are routinely awarded to class representatives
5 to compensate the employees for the time and effort expended on the case, for the risk of litigation, for
6 the fear of suing an employer and retaliation there from, and to serve as an incentive to vindicate the
7 statutory rights of all employees. 2007 WL 221862 at *16-17.

8 **4. The Stage Of The Proceedings Are Sufficiently Advanced To Permit**
9 **Preliminary Approval Of The Settlement**

10 The stage of the proceedings at which this Settlement was reached also militates in favor of
11 preliminary approval and ultimately, final approval of the Settlement. Class Counsel has conducted a
12 thorough investigation into the facts of the class action. Class Counsel began investigating the Class
13 Members' claims before the Action was filed, and during the course of litigation, Class Counsel
14 engaged in informal discovery to obtain necessary information. Class Counsel conducted a review and
15 analysis of the relevant documents and data. Class Counsel was also experienced with the claims at
16 issue here, as Class Counsel previously litigated and settled similar claims in other actions.
17 Accordingly, the agreement to settle did not occur until Class Counsel possessed sufficient information
18 to make an informed judgment regarding the likelihood of success on the merits and the results that
19 could be obtained through further litigation. Decl. Nordrehaug at ¶28.

20 Based on the foregoing data and their own independent investigation and evaluation, Class
21 Counsel is of the opinion that the Settlement with Defendant for the consideration and on the terms set
22 forth in the Agreement is fair, reasonable, and adequate and is in the best interest of the Class in light
23 of all known facts and circumstances, including the risk of significant delay, defenses asserted by
24 Defendant, and numerous potential appellate issues. There can be no doubt that Counsel possessed
25 sufficient information to make an informed judgment regarding the likelihood of success on the merits
26 and the results that could be obtained through further litigation. Decl. Nordrehaug at ¶29.

27 **V. THE CLASS IS PROPERLY CERTIFIED FOR SETTLEMENT PURPOSES ONLY**

28 Plaintiffs contend that the proposed settlement meets all of the requirements for class

1 certification under California Code of Civil Procedure § 382 as demonstrated below, and therefore, the
2 Court may appropriately approve the Class as defined in the Agreement. This Court should
3 conditionally certify the Class, for settlement purposes only, defined as:

4 All individuals who are or previously were employed by Defendant in California and
5 classified as a non-exempt employee at any time during the Class Period.

6 (Agreement at ¶ 1.5).

7 The Class Period is from September 1, 2021 to July 24, 2025. (Agreement at ¶ 1.13).

8 **A. California Code of Civil Procedure § 382**

9 Plaintiffs seek certification of this Class for settlement purposes under California Code of Civil
10 Procedure § 382. The California Supreme Court has summarized the standard for determining whether
11 class certification is appropriate as follows:

12 Code of Civil Procedure Section 382 authorizes class actions “when the question is one
13 of a common or general interest, of many persons, or when the parties are numerous, and
14 it is impracticable to bring them all before the court....” The party seeking certification
15 has the burden to establish the existence of both an ascertainable class and a well-
defined community of interest among class members. (*citations omitted*). The
“community of interest” requirement embodies three factors: (1) predominant common
questions of law or fact; (2) class representatives with claims or defenses typical of the
class; and (3) class representatives who can adequately represent the class.

16 *Sav-On Drug Stores, Inc. v. Superior Court*, 34 Cal. 4th 319, 326 (2004).

17 While Defendant reserves all rights to dispute that the Plaintiffs can satisfy these requirements,
18 the Parties agree that Defendant will not dispute that these requirements may be satisfied in this case
19 for purposes of settlement only and therefore, the proposed Class should be certified for purposes of
20 settlement only. (Agreement at ¶ 2.15.)

21 **B. The Proposed Class Is Ascertainable and Numerous**

22 Plaintiffs bring this action on behalf of a Class of non-exempt employees of Defendant during
23 the Class Period. Plaintiffs assert that all of these individuals are ascertainable because the class
24 members can readily be determined through examination of Defendant’s files. Given that the Class
25 consists of approximately 320 Class Members, Plaintiffs maintain that numerosity is clearly satisfied.
26 *See Bowles v. Superior Court*, 44 Cal.2d 574 (1955) (class with 10 members sufficiently numerous);
27 *Rose v. City of Hayward*, 126 Cal.App.3d 926, 934 (1981) (class of 48 members satisfies numerosity
28 requirement.) Here, Plaintiffs assert that the 320 current and former employees that comprise the Class

1 can be identified based on Defendant's records and are sufficiently numerous for class certification.
2 Decl. Nordrehaug at ¶30.

3 **C. Common Issues of Law and Fact Predominate**

4 Predominance of common issues of law or fact does not require that the common issues be
5 dispositive of the entire controversy or even that they be dispositive of all liability issues. 1 *Newberg*
6 *on Class Actions*, Section 4.25 at 4-82, 4-83 (1992). "Predominance is a comparative concept, and 'the
7 necessity for class members to individually establish eligibility and damages does not mean individual
8 fact questions predominate.'" *Sav-On*, 34 Cal. 4th at 334.

9 Commonality exists if there is a predominant common legal question regarding how an
10 employer's policies impact its employees. *Ghazaryan v. Diva Limousine, Ltd.*, 169 Cal. App. 4th 1524,
11 1536 (2008) ("[T]he common legal question remains the overall impact of Diva's policies on its
12 drivers.") Whether the plaintiff is likely to prevail on their theory of recovery is irrelevant at the
13 certification stage since the question is "essentially a procedural one that does not ask whether an action
14 is legally or factually meritorious." *Linder v. Thrifty Oil Co.*, 23 Cal. 4th 429, 439-440 (2003).

15 Here, Plaintiffs contend that common questions of law and fact are present, specifically the
16 common questions of whether Defendant's employment practices were lawful, whether Defendant
17 failed to provide meal and rest periods to Class Members, whether Class Members were lawfully
18 compensated for all hours worked, whether Defendant failed to provide required expense
19 reimbursement, and whether Class Members are entitled to damages and penalties as a result of these
20 practices. Plaintiffs contend that certification of this Class is appropriate because Defendant allegedly
21 engaged in uniform practices with respect to the Class Members. As a result, these common questions
22 of liability could be answered on a class wide basis. Decl. Nordrehaug, ¶30. Defendant disputes that
23 common questions predominate but will not oppose such a finding for purposes of this Settlement only.

24 **D. The Claims of the Plaintiffs Are Typical of the Class Claims**

25 The typicality requirement requires the Plaintiffs to demonstrate that the members of the Class
26 have the same or similar claims as the Plaintiffs. "The typicality requirement is met when the claims
27 of the [p]laintiff arise from the same event or are based on the same legal theories." *Tate v.*
28 *Weyerhaeuser Co.*, 723 F.2d 598, 608 (8th Cir. 1983). In *Hanlon, supra*, 150 F.3d at 1020, the Ninth

1 Circuit held that “[u]nder the rule's permissive standards, representative claims are ‘typical’ if they are
2 reasonably coextensive with those of absent class members; they need not be substantially identical.”

3 In this Action, Plaintiffs contend that the typicality requirement is fully satisfied. Plaintiffs, like
4 every other member of the Class, were employed by Defendant as non-exempt employees, and, like
5 every other member of the Class, were subject to the same employment practices. Plaintiffs, like every
6 other member of the Class, also claim owed compensation as a result of the Defendant’s uniform
7 company policies and practices. Thus, the claims of Plaintiffs and the members of the Class arise from
8 the same course of conduct by Defendant, involve the same issues, and are based on the same legal
9 theories. Decl. Nordrehaug at ¶30. For purposes of settlement, Plaintiffs assert that the typicality
10 requirement is met as to the common issues presented in this case. Defendant does not oppose a finding
11 of typicality for purposes of this Settlement only.

12 **E. The Class Representation Fairly and Adequately Protected the Class**

13 Plaintiffs contend that the Class Members are adequately represented here because Plaintiffs and
14 representing counsel (a) do not have any conflicts of interest with other class members, and (b) will
15 prosecute the case vigorously on behalf of the class. *Hanlon*, 150 F.3d at 1020. This requirement is
16 met here. First, Plaintiffs are well aware of their duties as the representatives of the Class and have
17 actively participated in the prosecution of this case to date. Plaintiffs effectively communicated with
18 Class Counsel, provided documents and information to Class Counsel, and participated in the
19 investigation and resolution of the Action. The personal involvement of the Plaintiffs was essential to
20 the prosecution of the Action and the monetary settlement reached. Second, Plaintiffs retained
21 competent counsel who are experienced in employment class actions and who have no conflicts. Decl.
22 Nordrehaug at ¶ 31; Declaration of David Bibiyan at ¶¶ 2-10. Third, there is no antagonism between
23 the interests of the Plaintiffs and those of the Class. Both the Plaintiffs and the Class Members seek
24 monetary relief under the same set of facts and legal theories. Under such circumstances, there can be
25 no conflicts of interest, and adequacy of representation is satisfied. *Reaves v. Ketoro, Inc.*, 2020 U.S.
26 Dist. Lexis 167926, *23 (C.D. Cal. 2020). Defendant disputes that the adequacy requirement is satisfied
27 but will not oppose such a finding for purposes of this Settlement only.

1 **F. The Superiority Requirement Is Met**

2 To certify a class, the Court must also determine that a class action is superior to other available
3 methods for the fair and efficient adjudication of the controversy. “Where classwide litigation of
4 common issues will reduce litigation costs and promote greater efficiency, a class action may be
5 superior to other methods of litigation.” *Valentino v. Carter-Wallace, Inc.*, 97 F.3d 1227, 1234 (9th Cir.
6 1996). As courts have previously observed:

7 Absent class treatment, each individual plaintiff would present in separate, duplicative
8 proceedings the same or essentially the same arguments and evidence, including expert
9 testimony. The result would be a multiplicity of trials conducted at enormous expense
10 to both the judicial system and the litigants. “It would be neither efficient nor fair to
11 anyone, including defendants, to force multiple trials to hear the same evidence and
12 decide the same issues.”

13 *Sav-On*, 34 Cal. 4th at 340, citing *Boggs v. Divested Atomic Corp.*, 141 F.R.D. 58, 67 (S.D. Ohio 1991).

14 Here, Plaintiffs contend that a class action is the superior mechanism for resolution of the claims
15 as pled by the Plaintiffs. While Defendant disputes that class treatment is superior, Defendant does not
16 dispute a finding of superiority in this action for purposes of this Settlement only.

17 **VI. THE PROPOSED METHOD OF CLASS NOTICE IS APPROPRIATE**

18 The Court has broad discretion in approving a practical notice program. The Parties have agreed
19 upon procedures by which the Class Members will be provided with written notice of the Settlement
20 similar to that approved and utilized in hundreds of class action settlements. In accordance with the
21 Agreement, Defendant will provide to the Administrator a confidential electronic spreadsheet
22 containing the Class Data not later than fifteen (15) days after the Court grants Preliminary Approval
23 of the Settlement. (Agreement at ¶ 4.2.) Within 14 days after receiving the Class Data, the
24 Administrator will mail the Class Notice to all Class Members via first-class U.S. Mail using the most
25 current mailing address information available. (Agreement at ¶ 8.4(b).)

26 The Class Notice, drafted jointly and agreed upon by the Parties through their respective counsel
27 and to be approved by the Court, is based on the Los Angeles model form and includes all relevant
28 information. (*See Exhibit “A”* to the Agreement.) The Parties agree that the Class Notice need only be
in English as all Class Members were able to read and understand English as a condition of their
employment. The Class Notice will include, among other information: (i) information regarding the

1 Action; (ii) the impact on the rights of the Class Members if they do not opt out, including a description
2 of the applicable release; (iii) information to the Class Members regarding how to opt out and how to
3 object to the Settlement; (iv) the estimated Individual Class Payment for each of the Class Members;
4 (iii) the amount of attorneys' fees and expenses to be sought; (v) the amount of the Plaintiffs' service
5 award request; and (vi) the anticipated expenses of the Administrator. Decl. Nordrehaug at ¶32.

6 The Class Notice will state that the Class Members shall have sixty (60) days from the date that
7 the Class Notice is mailed to them (the "Response Deadline") to request exclusion (opt-out) or to
8 submit a written objection. (Agreement at ¶¶ 1.42, 8.5, 8.7.) Class Members shall be given the
9 opportunity to object to the Settlement and/or requests for attorneys' fees and expenses and to appear
10 at the Final Approval Hearing. (Agreement at ¶ 8.7.) Class Members who do not submit a timely and
11 proper request to opt-out will automatically receive a payment of their Individual Class Payment. This
12 notice program was designed to meaningfully reach the Class Members and it advises them of all
13 pertinent information concerning the Settlement. Decl. Nordrehaug at ¶32. The mailing and
14 distribution of the Class Notice satisfies the requirements of due process and is the best notice
15 practicable under the circumstances and complies with Rules of Court 3.766 and 3.769(f).

17 VII. CONCLUSION

18 Plaintiffs respectfully request that the Court preliminarily approve the proposed settlement, sign
19 the proposed Preliminary Approval Order, which is submitted herewith, and schedule the final approval
20 hearing for the proposed date of July 9, 2026.
